5. **Reserve Function.** The Committee shall perform, in consultation with the Company's management and senior reserves and reservoir engineering personnel, the following responsibilities:

- 5.1 Oversee the appointment, qualification, independence, compensation and retention of the Firm engaged by the Company (including resolution of material disagreements between management and the Firm regarding reserve determination) for the purpose of preparing or issuing an annual reserve report. The Committee shall review any proposed changes in the appointment of the Firm, determine the reasons for such proposal, and whether there have been any disputes between the Firm and management.

In fulfilling its responsibilities, the Committee will rely to a significant extent on information and advice provided by management, consultants, advisors and counsel. It is not the duty of the Committee to conduct reviews or to determine that the Company's reserve estimates are complete and accurate and are in accordance with generally accepted engineering standards and applicable Securities and Exchange Commission rules and regulations, which is the responsibility of management and the independent reserve engineers. When the Committee takes an action, it shall exercise its independent judgment on the basis of such information and advice and other appropriate factors deemed by the Committee to be in the best interests of the Company and its stockholders.
